

## The Boys' Spring Clothes.

They should be RIGHT in style, the same as YOURS.

They should be, not only as GOOD in QUALITY, but better if possible, because HE gives them harder wear than YOU.

THEIR making should be of unusual STURDINESS throughout because a youngster moves FIVE times to your ONE, and every move a TRYING one on his clothes. All these qualities are represented in THIS STORE'S boys' clothes. The variety is large here now in colors and fabrics. Knickerbocker suits—

**\$3.50 to \$15.00.**

## Hat Styles for Spring.

Make sure the style of your hat is CORRECT.

It's an important feature of your dress.

Today you can look over the numerous correct shapes for spring in our hat department—and every style is in perfect keeping with fashion.

A becoming style for every man, YOUNG or OLD.

SOFT HATS in pearl, slate and black are popular for spring—

**\$3.00 TO \$5.00.**

Derby—\$3.00 to \$6.00, black, pearl and chestnut.

English Golf Caps—\$1.00 and \$1.50.

Domestic Cloth Goggles—50c.

## Are Drugs Necessary? Do Drugs Cure Disease? Can Nature be Assisted?

If people were born right and afterwards lived right, there would be no need for medicine. Every doctor knows this. So do other well-informed people. One thing more. When a person lives wrongly, or acquires bodily weakness by heredity, medicine can do only very little. Medicine cannot cure him. Only charlatans claim that medicines will cure disease. Medicines may palliate symptoms. Medicines may urge the powers of Nature to resist disease. Medicines sometimes arouse the efforts of the human body to right itself against derangements. This is the most that medicine can do.

A man accidentally puts his finger in the fire. Instinctively he wets his finger in his mouth, then blows on it for the cooling effect. This is no cure. He knows it very well. But it makes it feel better for the time being.

People eat unwisely. This produces dyspepsia or indigestion. The only rational cure is to eat correctly. Yet if a palliative is at hand the pains of indigestion can be mitigated, the throes of dyspepsia assuaged. The medicine cannot be said to have cured. It simply palliates disagreeable symptoms. The cure must come through right living.

Take Peruna, for instance. No one claims Peruna is a cure for dyspepsia. But Peruna will stimulate the stomach to perform its function properly. Peruna will increase the flow of digestive fluids, without which digestion cannot be carried on at all. It will increase the relish of food, the appetite.

It is admitted that all this can be accomplished by right living, but there are so many people who either will not or do not know how to eat correctly that a tremendous amount of good can be done by the wise use of Peruna.

A stomach that has been frequently abused performs the function of digestion very easily. Such a stomach allows the food to remain undigested for some time after it is swallowed. This leads to fermentation of the food. Sour stomach is the result. This goes on week after week, until the blood is poisoned with the products of fermentation. This condition is very apt to produce rheumatism.

It is not claimed that Peruna will cure rheumatism. Nothing will cure rheumatism but correct living. But it is claimed that Peruna will assist a badly abused stomach to perform its work.

Peruna Almanac for 1910.

If a person would correct his habits, persist in right eating and temperate ways, undoubtedly the stomach would right itself, the blood would rid itself of the poison, and everything would be right. But as said before there are a multitude of people who will not or cannot adopt right methods of living. To such people Peruna is a boon. A dose before meals will assist the stomach to do its work. This prevents fermentation of the food, brings about normal digestion, and all the train of ills that follow indigestion disappear.

In other words, Peruna is helpful to those who live badly, or those who have acquired some chronic weakness. Peruna does not cure, but it assists the powers of Nature to bring about a cure. The whip does not increase the power of the horse to pull a load, but judiciously used it stimulates the horse to use his powers at the right time, without which he could not have pulled the load.

This illustrates the effect of Peruna, or any other good remedy upon the system. Taken at the right time, it calls forth the powers of the human system to meet the enroachments of disease, and thus cuts short, if not entirely cures, the diseased action.

No one should ever attempt to substitute medicine in the place of right living. In the end such an attempt will prove a disaster. But an occasional use of the right medicine at the right time is a godsend, and no reasonable person will undertake to deny it.

Those who know how to use Peruna find it of untold value. By and by the world will get wise enough so that through correct living no medicine at all will be needed. But that time has not arrived. In the meantime, while the world is approaching that perfection in which all medicine will be eliminated, Peruna is a handy remedy to have in the home.

Slight derangements of the stomach, slight catarrhal attacks of the liver, the throat, bronchial tubes, lungs or bowels; these attacks are sure to lead to grave diseases, and can be averted by the judicious use of Peruna.

Wouldn't you like to read a few unsolicited testimonials from people who have used Peruna, and who stand ready to confirm the above statements concerning it. If so, address the Peruna Drug Manufacturing Co., Columbus, Ohio, and we will send some prepaid. Ask Your Druggist for a FREE

### SUP. KY.

Clark Fairchild, of this place, has a block of wood cut from a beech tree with the name of John Fox, April 17, 1777, and a hand pointing in a certain direction, and says 500 yards. There have been other marks found on beech trees in the same branch. The people here have always believed there was some kind of valuable are here. The old people say there were signs of a blacksmith shop about 500 yards from this tree when the first settlers came to this country. It is hoped that our mountain country will be the richest country in the world.

Sandian.

### CHRISTMAS.

The sick of our community do not much better.

Dennie Chaffin was calling on friends at Catt Saturday and Sunday.

Mr. and Mrs. Johnny Diamond were the guests of his brother, Jim, Sunday.

WHOLESALE Dry Goods and Notions

Always in stock a well selected line. Orders filled promptly and with care.

Points of

**Difference**

between other machines  
and the

ARE INVARIABLY POINTS IN WHICH THE UNDERWOOD IS THE RECOGNIZED SUPERIOR.

It originated Visible Writing—it first introduced Built-in-Tabulators and Modern Bookkeeping Appliances. In all of these important improvements, other standard makes have gradually fallen into line. The business public, however, prefers the machine that has led the way, because it stands to reason that it is always far ahead of the "Trailers." Let us show you the points of difference between the UNDERWOOD and its imitators and you will understand why it is "The Machine You Will Eventually Buy."

UNDERWOOD TYPEWRITER CO., Inc.

Corner Main and 4th Streets.
